

Summer

Modestep

(I just can't wait until the summer)

I just can't wait until the summer (summer)
When my spirit's free, no one stopping me, now
I just can't wait until the summer (summer)
When I meet with you again, yeah
I just can't wait until the summer (summer)
When my spirit's free, no one stopping me, now
I just can't wait until the summer (summer)
When I meet with you again, yeah

I just can't (wait, wait, wait)
I just can't (wait, wait, wait)
I just can't (wait, wait, wait)

I just can't wait until the summer, summer, summer

I just can't wait until the su-
(M-meet with you again)
I just can't wait until the su-

I just can't (wait, wait, wait)
I just can't (wait, wait, wait)
I just can't until the summer
