

## A Baby and a Sewing Machine

Moe Bandy

A long time of loving her good timing man  
He's fightin' his future in a hillbilly band  
He promises the good life and a big diamond ring  
All she wants is a baby and a sewing machine

Her big old brown eyes they sparkle with love  
Nobody knows Lord what she's dreaming of  
Well, she could be on the cover of Playboy magazine  
But all she wants is a baby and a sewing machine

A pretty little baby to rock and to swing  
A sewing machine to make pretty things  
A house on the corner to capture her dream  
All she wants is a baby and a sewing machine

This morning finds her walking downtown  
Out window shopping just looking around  
That good life she dreams of it's such a simple thing  
All she wants is a baby and a sewing machine

All she wants is a baby and a sewing machine...
