Bring You Down

moe.

I don't wanna go to Duluth
I just wanna leave this town
I don't wanna know the truth
I just wanna bring you down...
Here with me
I don't wanna go home now
I just wanna go home soon
I don't wanna go home now
I just wanna go home soon
Hear me
Hear me
Hear me
I don't wanna drive all night
I just wanna go to sleep
I don't wanna lie all night
I just wanna go to sleep...
Hear me
I don't wanna sleep all day
I just wanna go home now
I don't wanna lead the way
I just wanna go home now
Be with me
Be with me
I don't wanna go home soon
I just wanna go home now
I don't wanna go home soon
I just wanna go home now
