

Okay Alright

moe.

Back in the summer of 88
I didn't know how to rock and roll
I saw your face as i drove away
How could i know what you'd do to my soul?
Goodbye suzie goodbye UNH
Ive been down this road before
I said that right when i hit LA
Im feelin alright
Im feelin okay
Okay, Alright
Okay, Alright
Okay, Alright
Okay, Alright
Drag my duster all the way to school
Smoking joints in the parking lot
I think i heard it one K-Rock night
Lizard Boy youve been gettin too high
We were friends for goodness sake
Until that summer up at the bay
Sweetness, innocence gone away
How i miss them good old days
Okay, Alright
Okay, Alright
Okay, Alright
Okay, Alright
Okay, Alright
Okay, Alright
Okay, Alright
Okay, Alright
