

Yodelittle

moe.

Chorus: Yodelittle lady who Yodelittle lady that I love Yodelittle lady who Yodelittle lady that I love

Yodelittle lady who gets me up at night To get a glass of water when you're feeling kind of dry Yodelittle lady who then asks me with a smile "Can't you do that later? Let's just hang out for awhile."

(Chorus)

Yodelittle lady who drives me insane You ask me if I wanna play And then you quit the game Yodelittle lady who'll ruin my day Then ask, "What's the matter hun, is everything okay?"

(Chorus)

Yodelittle lady who butters my bread And then late at night you butter my bread Yodelittle lady who makes my bed The only place that I'd rather be instead

(Chorus)

(Chorus)

Yodelittle lady who bakes my bean Boil my potato and make me scream Yodelittle lady who makes me sing Dumb songs of loving - cuz you told me to

(Chorus)
