

# Afraid

Mötley Crüe

Do you do you want to bleed?  
Do you do you want to live in vain?

It's only life  
She's so afraid to kiss  
An' so afraid to laugh  
Is she runnin' from her past?  
It's only life  
She's so afraid of love  
Is so afraid of hate  
What's she runnin' from now??

Do you do you want to scream?  
Do you do you want to face the strange?  
Do you do you believe?  
Are you are you afraid of change?

It's only life  
She's so afraid of this  
And so afraid to ask  
She hides behind her mask  
Nothing's ever right  
She's so afraid of pain  
So afraid of blame  
It's driving her insane

So insecure  
There is no cure

Well, she's so afraid  
She's so afraid of death  
She's so afraid, afraid of life  
The drama in her head  
Getting louder all the time  
Getting louder all the time

She's so afraid, afraid to lose  
Been so afraid of fame  
Everyday she feels the same  
It's driven her insane  
It's driven her  
It's driven  
It's

Another broken pretty thing
