

Replenish

Mogwai

Further in the tape, I came across another part
That made me throw my headphones right off my head
I couldn't believe what I heard

Led Zeppelins "Stairway To Heaven" again was voted
The most popular tune of rocks history
Keep that in mind as I share this taped excerpt with you
In the lyrics of the song, they sing
"The piper is calling you to join him"
"She's buying the stairway to heaven"
We know that's not possible

This is where the subliminal message comes in
That we've been talking about in the previous interview
The subliminal message is a satanic message
Those put on the record in reverse

When the needle will go in the opposite direction
You say that I've never heard of anything like that before
Probably not, but many, many people have
And this is what I'm talking about
And you're going to hear it in a few moments

They sing backwards in human voices

Satan, we gotta live for Satan
Master Satan
The message that they have altogether that they wanted you to h
ear
In a subliminal way on the back or in reverse is this

Because I live, certainly there's no escaping it
Satan, we gotta live for Satan

You've heard of group after group who worship this singer for S
atan
They know he is real
God tells us he's not willing that any should perish
And that includes Mick Jagger and Alice Cooper and all the rock
singers
Cos they have a choice to make
What about you, what do you choose?
