

# Movin'

Mohombi

Ya, this is the RedOne  
YMCMB flashing lifestyle, yo!  
Sitting on this top floor  
Flyer than ever, landed on the rooftop  
Let's get it!

Do you feel like movin', movin'  
Do you feel like movin', movin'  
Do you feel like movin', movin'  
Everybody put your hands in the air!  
(Do you feel like movin', movin', movin'?)  
Do you feel like movin', movin'  
Do you feel like movin', movin'  
Do you feel like movin', movin'  
Everybody put your hands in the air!  
(Do you feel like movin', movin', movin'?)

Let me spend it all on you like it's my payday, girl  
Have you sip the finest cause you're thirsty girl  
(Let's hit the club, let's hit the club  
Let's hit the floor, let's hit the floor)  
So, I can make it look like it's your birthday, girl  
Keep it up, don't keep it on the low  
Bam-ti-bam the party on the floor  
All my people over there, come!  
There's a party over here, say

(Daddy keep the party)

Do you feel like movin', movin'  
Do you feel like movin', movin'  
Do you feel like movin', movin'  
Everybody put your hands in the air!  
(Do you feel like movin', movin', movin'?)  
Do you feel like movin', movin'  
Do you feel like movin', movin'  
Do you feel like movin', movin'  
Everybody put your hands in the air!  
(Do you feel like movin', movin', movin'?)  
Do you feel like movin', movin'  
Do you feel like movin', movin'  
Do you feel like movin', movin'  
Everybody put your hands in the air!

Keep movin' til you set this place on fire, yea  
Tonight we do whatever we desire, yea  
(Let's hit the club, let's hit the club  
Let's hit the floor, let's hit the floor)  
So, I'mma tell you when this party's over yeah  
Keep it up, don't keep it on the low  
Bam-ti-bam the party on the floor  
All my people over there, come!

Bang! Bang! One time for world peace  
And get in between your girl's teeth  
I'm one of them to tell the truth  
That is what world needs  
But I'm not like them  
Tonight's your girl team  
And that's not allright  
I'm gonna drop all white  
Turn up, blow my head up  
We'll just hop all night  
Till the cop call tryna stop us  
Then we put the gas to the floor  
Wonder what you think about us?  
I'mma uh uh We get the night show  
Popped off, relive the light show  
My exgirlfriend, try to come inside her  
What type of girl is about wife-o  
All we know is now this light show  
Go, come and go, let the colors all night yo  
So give me 2 shots, put some 2pac on the playlist  
And tear the motherfucker till the roof is off

Do you feel like movin', movin'  
Do you feel like movin', movin'  
Do you feel like movin', movin'  
Everybody put your hands in the air!  
(Do you feel like movin', movin', movin'?)  
Do you feel like movin', movin'  
Do you feel like movin', movin'
