The One

Mohombi

You're the one, you're the one
Ain't been no better before you
All my life been waiting for you
You're the one, you're the one
Yeah, it's always been only you
I know that you're the one

I got your head on my shoulder
Feels like I was meant to hold ya
We growing old, we won't go cold
Don't want this night to be over
Look in your eyes I see diamonds
Babe, when you smile then I'm smiling
And when you sway, worries go way
Do it without even trying

I appreciate you
I won't ever break you
Let me just embrace you
Everyday stay, no never gon to leave you
All my admiration
Source of inspiration
Eh, you fill my aching
Everyday stay, no never leave

You're the one, you're the one
Ain't been no better before you
All my life been waiting for you
You're the one, you're the one
Yeah, it's always been only you
I know that you're the one

I'm seeing you in my future
Retired trips to Aruba
Might lose out sight, might lose our life
But we're never losing each other
Nothing can break our connection
We love in other dimensions
Never apart, set in the stars
Soulmate and I knew it then, yeah
You're the one

I appreciate you
I won't ever break you
Let me just embrace you
Everyday stay, no never gon to leave you
All my admiration
Source of inspiration
Eh, you fill my aching
Everyday stay, no never leave

You're the one, you're the one
Ain't been no better before you
All my life been waiting for you
You're the one, you're the one
Yeah, it's always been only you
I know that you're the one

You're the one
You're the one
I know that you're the one
You're the one
You're the one
I know that you're the one
