

If You Tell Me You Love Me

Moira Dela Torre

Been staring at my toes
All day long
I failed to catch my head
I'm trapped in a love song
The words I love you
Seem to just get by
I failed to catch my head
From reaching cloud nine

Can you tell me what to do?
Tell me how to be without you
When you and I are falling

If you tell me you love me
Make sure you'll fight for me
Be sure you'll wait for me
Don't leave me in a corner in tears
If you tell me you love me
Make sure you'll fight for me
Be sure you're ready
To be here in the battle with me
Don't give up on me
If you tell me you love me

Been trying to catch my breath
It's just been too long
Erasing memories
I trapped in that love song
I've heard I love you
Followed by goodbyes
Erasing memories
Cause I need to fight

Can you tell me what to do?
Baby how can I unlove you?
When you and I are falling

If you tell me you love me
Make sure you'll fight for me
Be sure you'll wait for me
Don't leave me in a corner in tears
If you tell me you love me
Make sure you'll fight for me
Be sure you're ready
To be here in the battle with me
Don't give up on me

Don't even make a sound
If you won't be around too long
Babe can you hear my song?
Don't ever leave me alone
Cause I won't leave you

If you tell me you love me
Make sure you'll fight for me
Be sure you'll wait for me
Don't leave me in a corner in tears

If you tell me you love me
Make sure you'll fight for me
Be sure you're ready
To be here in the battle with me
Don't give up on me
If you tell me you love me
If you tell me you love me
If you tell me you love me
