

# Promise

Moira Dela Torre

Baby I can't promise  
That we'll never miss a beat  
If I can be completely honest  
There are days our eyes won't meet  
But I'll wake up each day  
Finding ways  
You know I'll never leave

Baby I can't promise  
That I'll be the perfect man  
If I can be completely honest  
Things won't go the way we planned  
But I'll spend my days  
Finding ways  
To make sure you're okay  
Yeah, yeah

Baby I can't promise  
We won't go to bed upset  
If I can be completely honest  
We may say things that we'll regret  
But just know our words  
Reflect our hurt  
Impulse brings out our worst

Baby I can't promise  
I'll be everything you need  
If I can be completely honest  
There are days that won't be easy  
But I guarantee  
All words I'll mean  
When I say I'll never leave

For better or for worse  
I'll always put you first  
For better or for worse  
Babe, you have my word

For better or for worse  
I'll always put you first  
For better or for worse  
Babe, you have my word

For better or for worse  
I'll always put you first  
For better or for worse  
Babe, you have my word

For better or for worse  
I'll always put you first  
For better or for worse  
Babe, you have my word
