

## This Shrieking Love

Moist

I came screaming down the highway  
Looking for a place to fly  
Stopped outside the window  
Its only in the blood  
Into the kitchen  
Found you lying on the floor  
There I tied you up with wire  
I can't feel you anymore  
You gave yourself to me  
I offered you to god  
Wrapped the curtains round your body  
Its only in the blood  
This shrieking love  
Comes crashing down  
This shrieking love  
Is not the one you thought you'd found  
Oh its only in the blood  
Its a deadly clear addiction  
A body breath away  
A long hot bath in acid fast  
Its only in the blood  
On down the highway  
Looking for a place to fly  
Outside the window  
Its only in the blood  
This shrieking love  
Comes crashing down  
This shrieking love  
Is not the one you thought you'd found  
Oh its only in the blood
