

## Between Us

Mojave 3

I'll sing you a song, girl  
Yeah, I'll sing it just for you  
It's a song to make you cry  
I walk this road, babe  
I'm rolling down this road  
Sometimes I ain't satisfied  
Sometimes your love hurts, yeah  
Sometimes it just aches  
I only wish that I knew why  
I stand in the light  
Yeah, I'm standing in the light  
Now you know that I am here  
Maybe it's the wind that blows between us  
Maybe it's the night falling from your eyes  
Maybe it's today that I don't know you  
Maybe I don't mind  
Maybe we're fine  
I walk this road  
Yeah, I'm rolling down this road  
If you say that I should leave  
Sometimes the wind blows  
Sometimes life will get you down  
I don't mean that we should quit  
I sing you song girl yeah I sing it just for you  
It's a song to makes you cry  
I stand in this in this light  
Yeah, I'm standing in this light  
You know I ain't satisfied  
Maybe it's the wind that blows between us  
Maybe it's the night falling from your eyes  
Maybe it's the day that I don't know you  
Maybe I don't mind  
Maybe it's the wind that blows between us  
Maybe it's the night falling from your eyes  
Maybe it's the day that I don't know you  
Maybe I don't mind  
Maybe we're fine  
{Oh, I don't know which way to go, I don't know}
