

# Bluebird Of Happiness

Mojave 3

Gotta find a way to get home strong  
Gotta find a way back home

Gotta find a light to guide me along  
Gotta find a way back home

Running for your life won't get you so far  
Running for your life so far

Gotta find to bring me home slow  
Gotta find a way back home

The loving in your eye that holds you alive  
Gotta find a way back home

Gotta find a way to get home strong  
Gotta find a way back home

Gotta find a road that brings me back slow  
Gotta find a way back home

Gotta find a way to get home strong  
Gotta find a way back home

Saw you turning  
Big eyes burning on your way  
Nothing out there  
The time to tell you what you own

Never wanted to feel this pain  
Never wanted to feel so sad  
Never wanted to feel this pain  
Today  
Today

Never wanted to feel this pain  
Never wanted to feel so sad  
Never wanted to feel this way  
No  
Today  
Today

Never wanted to feel this pain  
Never wanted to feel this pain

Gotta find a way to get home strong  
Gotta find a way back home

Gotta find a light to guide me along  
Gotta find a way back home

Never wanted to feel this pain  
Never wanted to feel this pain

Gotta find a road that brings me back slow  
Gotta find a way back home

The loving in your eye that holds you alive  
Gotta find a way back home

Gotta find a way to get home strong  
Gotta find a way back home

Gotta find a road that brings me back slow  
Gotta find a way back home

Gotta find a way to get home strong  
Gotta find a way back home  
Gotta find a way back home  
Gotta find a way back home
