

Caught Beneath Your Heel

Mojave 3

Open up your eyes
stand against the wall
Tell me what you see
tell me what your lookin for

im caught beneath the wheels
caught beneath your heel
ill be your lover or your friend babe
but i will not be a fool

Just tell me what you see
yeah tell me what you see
Oh tell me what you see
Im caught beneath your heel babe
an its you that must let go

Maybe its your pride
the midnight in your eyes
that tricks you into thinkin
that you got nowhere to hide
But this time you must know
yeah this time you must know
ill be your lover or your friend babe
but i will not be your fool

Just tell me what you see
yeah tell me what you see
Oh tell me what you see
Im caught beneath your heel babe
an its you that must let go

yeah tell me what you see
oh tell me what you see
yeah tell me what you see
oh tell me what you see
Im caught beneath your heel babe
an its you that must let go

tell me waht you see
(yeah teel me what you see)
oh tell me what you see
(yeah tell me what you see)
oh tell me what you see
