

Easy

Molly Burch

Why didn't you tell me that you loved me?
Well, it could have been so easy
Yeah, it could have been so easy
Now all these feelings trapped inside me
Well, it could have been so easy
Yeah, it could have been so easy

I wanna reach out, wish I could touch you
Wanna tell you wish I could trust you
All of these things running around my mind

Easy, easy, easy does it, easy does it
Easy, easy, oh yeah, easy does it, easy does it

I wondered if you felt the same way
That it could have been so easy
That it could have been so easy
I just kept watching you look the other way
But it could have been so easy
Yeah, it could have been so easy

Wanna reach out, wish I could touch you
Wanna tell you wish I could trust you
All of these things running around my mind

Easy, easy, oh yeah, easy does it, easy does it
Easy, easy, oh yeah, easy does it, easy does it

Easy, easy, easy does it, easy does it
