

## Emotion

Molly Burch

I don't know why it has to feel like this  
It's like it's weighing on my heartbeat heavy  
And anytime I try to make sense of it  
Keeps on coming like a floodgate, honey

Now it's spinning out, all I want is to control it  
I try to keep it down, put it in my hands and hold it  
Feeling it

Timeless emotion  
Always devoted  
It's the greatest weakness  
Timeless emotion

I lay in bed and feel my heartbeat flutter  
It's like it's telling me somethings a matter  
And in my dreams I feel it carry over  
Wondering if I could become another

Now it's spinning out, all I want is to control it  
I try to keep it down, put it in my hands and hold it

Timeless emotion  
Always devoted  
It's the greatest weakness  
Timeless emotion

Feeling it

Timeless emotion  
Always devoted  
It's the greatest weakness

Timeless emotion
