

## Good Behavior

Molly Burch

"Be good, be good," you said, my baby  
Don't you, do you see that I'm trying?  
It can be tough when things keep changing  
One day I'm there and then I'm not

How can I explain myself  
When I can hardly control it well?  
Do I need time, do I need a savior?  
Will I ever know good behavior?

I think I want to be better  
Better than you and all the rest  
I don't think that's quite possible, oh  
Let's all just try and be our best

How can I explain myself  
When I can hardly control it well?  
Do I need time, do I need a savior?  
Will I ever know good behavior?

Will I ever know good behavior?  
Will I ever know good behavior?  
Will I ever know good behavior?

Ahh, ahh  
Ahh, ahh  
Ahh, ahh  
Ahh, ahh
