

Not Today

Molly Burch

Darling, I
I never thought that you could ever lie
'Cause when you told me that you loved me so
I thought you were oh so true

But I'd never felt like this before
I couldn't help but notice it
Truth be told, I loved you more each day

Honey pie
I wish you saw me on those lonesome nights
I cried all I had and more
You wouldn't even believe

Sugar plum
Did you ever wonder, "What have I done?"
Did you ever wonder to yourself
Or did you never love back?

But I'd never felt like this before
I couldn't help but notice it
Truth be told, I loved you more each day

Could you be mine?
Could this last forever?
Could you be mine?
Could this last till tomorrow?
Maybe but not today
Maybe but not today

Oh, I'll love you forever
Oh, I'll love you forever
Oh, I'll love you till the end of
