

# Only One

Molly Burch

You left your mess on the floor  
I know you know that's happened before  
May I remind you, I'm the one  
Who picks up the pieces when you're done

Is that why you went away  
Before I, before I could say  
Why'd you stop loving me?  
Why'd you stop loving me?

I heard you found someone new  
Is she nice to talk to?  
I thought she tried to fight you  
Just like I used to do

Is that why you went away  
Before I, before I could say  
Why'd you stop loving me?  
Why'd you stop loving me?

You said I was the only one  
You said I was the only one  
You said I was the only one

The one who runs  
The chosen one, the holy one  
Your only one  
The one you love  
The one you love
