

Physical

Molly Burch

Once again I'm out of luck
I've fallen out of love with myself
Well I guess the pills help
But they really only make me feel less

Baby, baby, baby, baby
I'm feeling out of touch emotionally
Baby, baby, baby, baby
I wish I was in sync with my body

It's a goddamn miracle that I'm still alive
It's only physical hard to deny
I'm not the one dimensional girl of your mind
I'm a literal woman moving through life

Well I guess, I'll get dressed
And go to the party like normal
But I failed, I just made a mess
Instead I'll stay in with my paranoia

Baby, baby, baby, baby
This feels like it'll last for eternity
Baby, baby, baby, baby
You say that'll pass, it's not moving

No, no

It's a goddamn miracle that I'm still alive
It's only physical hard to deny
I'm not the one dimensional girl of your mind
I'm a literal woman moving through life

It's a goddamn miracle that I'm still alive
It's only physical hard to deny
I'm not the one dimensional girl of your mind
I'm a literal woman moving through life

It's a goddamn miracle
It's only physical
It's a goddamn miracle
It's only physical
It's a goddamn miracle
It's only physical
It's a goddamn miracle
It's only physical...
