

There she goes
There she goes
There goes my baby
There she goes
Watch her dance
Make romance
There goes my baby
There she goes

She's so wild (wild)
She's so wild (wild)
She's so wild (wild)
She's so wild (wild)

Wishful thinking's got me blinded
Got me losing all control
It's in my nature to be guarded
I wish I was a wilder soul
I wish I was a wilder soul

There she goes
There she goes
There goes my baby
There she goes
Watch her dance
Make romance
There goes my baby
There she goes

She's so wild (wild)
She's so wild (wild)
She's so wild (wild)
She's so wild (wild)

Wishful thinking's got me blinded
Got me losing all control
It's in my nature to be guarded
I wish I was a wilder soul
I wish I was a wilder soul

I wish I was a wilder soul
I wish I was a wilder soul
I wish I was a wilder soul
I wish I was a wilder soul
