Wrong For You

Molly Burch

You told me we would dance awhile
You told me we would dance awhile, but I know
That's just something you say

You said I was the only one
You said I was the only one, but I know
You say that to all the girls

I know that I am so very wrong for you
And I know that no one really belongs to you
But why do I keep falling for all these things you do?
Why am I wrong for you?
Why am I wrong for you?
Wrong for you

You make me feel like a woman
You make me want you, but I shouldn't
Why can't you be for me?

You say my name and it feels like fire
I know that this could take a while for you
For you to see

I know that I am so very wrong for you
And I know that no one really belongs to you
But why do I keep falling for all of these things you do?
Why am I wrong for you?
Why am I wrong for you?
Wrong for you
