

Been to Heaven, Been to Hell

Molly Hatchet

I met a southern belle last night in Georgia
Sweet as a peach hot as a night in June
She said I got something special for ya
Well a man's gotta do what a man's gotta do

Been to Heaven, been to Hell
Gotta get home to Jacksonville
The ladies drive me crazy but
I guess they always will
Been to Heaven, been to Hell
Gotta get back to Jacksonville
The ladies drive me crazy they always will

A little sweetheart over in Orange Park
Said wanna go have some fun
With a dirty little smile she said Hell Yeah
But let me get my gun

Been to Heaven, been to Hell
Gotta get home to Jacksonville
The ladies drive me crazy but
I guess they always will
Been to Heaven, been to Hell
Gotta get back to Jacksonville

Something got me crazy they always will

A little girl at Whitey's bumpin' grindin' all night long
Come on sugar I wanna take ya home
That's just fine and dandy that's okay by me
That's my ole man over there and I don't think he'll agree

Been to Heaven, been to Hell
Gotta get home to Jacksonville
I've lived there all my life and I guess I always will
Been to Heaven, been to Hell
Down at Whitey's eatin' Gator Tail
Lived there all my life and I always will

Been to Heaven, been to Hell
Gotta get home to Jacksonville
Been to Heaven, been to Hell
Gotta get home to Jacksonville
Been to Heaven, been to Hell
Gotta get home to Jacksonville
