

No Regrets

Molly Tuttle

Mistakes, bad dates
Man, I've had a few
Cheap thrills, bitter pills
I could use a redo
Sundays, rosé
Drunken afternoons
Breakdowns, rebounds
Waiting on a breakthrough
But I don't regret all the left turns that led me to you

Baby, we don't have forever
One life is all that we get
You're the name on my lips
The love that I'll give to the end
Till my last dying breath
No regrets

First dance, cover bands
Playing our song
Long tours, I'm yours
Even when I'm long gone
Lord knows I've followed some dark roads that brought me to you
You're the light that shines through

Baby, we don't have forever
One life is all that we get
You're the name on my lips
The love that I'll give to the end
Till my last dying breath
No regrets

Every good morning I count my good fortune
I felt it the moment we met
No regrets
Every goodnight when you're here by my side
I know this is as good as it gets
No regrets

Every good morning I count my good fortune
I felt it the moment we met
No regrets
Every goodnight when you're here by my side
I know this is as good as it gets

Baby, we don't have forever
One life is all that we get
You're the name on my lips
The love that I'll give to the end
Till my last dying breath
Till it's all that I've got left
'Cause I love you to death
No regrets
No regrets
