

Flamingo

Møme

I see you dancing, my heart is flashing
You know I'm asking, for interaction
You turn me on, what can go wrong?
My body's aching, I feel you shaking
Now it's a craving, you're entertaining
And then you left my side

Where did you go? Where did you go? Where did you go?
Look back my love you already know
I'm dreaming of you, you know I can't stop
Thinking about my flamingo

Flamingo

So come back to me, I need a release
I want to believe in a fantasy
It can't be done without your love
I keep replaying, anticipating
And I can feel you there, to me you're everywhere
You know what's yours is mine

Where did you go? Where did you go? Where did you go?
Look back my love you already know
I'm dreaming of you, you know I can't stop
Thinking about my flamingo

Flamingo

Where did you go? Where did you go? Where did you go?
Look back my love you already know
I'm dreaming of you, you know I can't stop
Thinking about my flamingo

Flamingo

Flamingo

Where did you go? Where did you go? Where did you go?
Look back my love you already know
I'm dreaming of you, you know I can't stop
Thinking about my flamingo

Dreaming of you
Dreaming of you
Dreaming of you
