

Friends

Møme

Life, you give me yours
You give me love, I'll be your force
When you're lost, I'll be around
'Cause what we've got ain't always found

Baby, I'll be right beside you in the darkness of the night
I'll be here forever, when you're low and when you're high
You don't have to worry, I'll be right here from the start
I will follow you until the end

I'll be your friend, I'll be your friend, yeah
You know, you know, you know I'll be your friend
I'll be your friend, I'll be your friend, yeah
You know, you know, you know I'll be your friend

Light will lead us home
Across the night, out of the cold
And in the dark we cling to hope
I won't give up, you're not alone

Baby, I'll be right beside you in the darkness of the night
I'll be here forever, when you're low and when you're high
You don't have to worry, I'll be right here from the start
I will follow you until the end

I'll be your friend, I'll be your friend, yeah
You know, you know, you know I'll be your friend
I'll be your friend, I'll be your friend, yeah
You know, you know, you know I'll be your friend

I'll be your fr-
And I'll be, I'll be your friend
And I'll be, I'll be your friend (You know, you know, you know I'll be your friend)
And I'll be, I'll be yo-
And I'll be, I'll be yours
And I'll be, I'll be your friend
And I'll be, I'll be your friend (You know, you know, you know I'll be your friend)
And I'll be, I'll be
And I'll be, I'll be yours

Wander through the night
Wander to the light
We can make it right
Wander through the night
Wander to the light
We can make it right

I'll be your friend, I'll be your friend, yeah
You know, you know, you know I'll be your friend
I'll be your friend, I'll be your friend, yeah
You know, you know, you know I'll be your friend
