

Let's Go

Møme

I got a fire I can't hide from
In my mind and in my body, don't know how come
And I don't know how I'm gonna tame these feelings
When it's all I know, it's all I have, so take these ceilings

And break these walls (I'm gonna take 'em all down)
Ain't no walls (gonna fade my shine)
Make a door for these fists will make a hole
This is how you take control
This is how you pave the road
And make a way
Say this ain't no game to me
So take these roads 'cause there ain't no way I'm gonna
Play the same old day-to-day

Yeah! Let's go, go, go, go...
The past is the past, you don't have tomorrow and I'm saying
Yeah! Let's go, go, go, go...
You 'ain't gotta ask man, you just gotta know

Yeah, I need a moment to seize and own it
Don't need to seek an omen
I see the dream in me, I don't need to sleep
I be up on it I'm the opponent I'm seeing me I mean
The only team I need to move me forward so keep it goin'
The only cause I know is to be the cause of growth
To crawl out from the hole that holds our soul in
This is for all men and women
Who don't fall without them getting up again
I mean I'm saying that we're all in

I got a fire I can't hide from
In my mind and in my body, don't know how come
And I don't know how I'm gonna tame these feelings
When it's all I know, it's all I have, so take these ceilings

And break these walls (I'm gonna take 'em all down)
Ain't no walls (gonna fade my shine)
Make a door for these fists will make a hole
This is how you take control
This is how you pave the road
And make a way
Say this ain't no game to me
So take these roads 'cause there ain't no way I'm gonna
Play the same old day-to-day

Yeah! Let's go, go, go, go...
The past is the past, you don't have tomorrow and I'm saying
Yeah! Let's go, go, go, go...
You 'ain't gotta ask man, you just gotta know and I'm saying

I-I got a fire
I-I got a fire

I-I got a fire
I-I got a fire
I-I got a fire
I-I got a fire
I-I got a fire
I-I got a fire (go, go, go, go...)
I-I got a fire
I-I got a fire
I-I got a fire
Yeah! Let's go (let's go, let's go...)
Gonna take 'em all down
Gonna fade my shine
Gonna take 'em all down
Gonna fade my shine

Yeah
It's the highs and lows and the climb to no end
I'm going to find the fire when my eyes are open
It's the idle mind who's relying on the dope-man
But there's dopamine inside you when you're going
(Like really going)
That's when the hope wins you can hear the spirit calling
That's when you learn to cope and dealing with your fear of falling
Deal it and I'll still be all in
Robbing nights and stealing mornings
I be on some, "It's my life..." and I don't hear your warnings

Go, go, go, go...
I got a fire I can't hide from
In my mind and in my body, don't know how come
And I don't know how I'm gonna tame these feelings
When it's all I know, it's all I have, so take these ceilings
And break these walls

I got a fire I can't hide from
In my mind and in my body, don't know how come
And I don't know how I'm gonna tame these feelings
When it's all I know, it's all I have, so take these ceilings
