Møme

When I'm with you, when I'm with you  
When I'm na na na na with you  
When I'm with you, when I'm with you  
All I wanna do is uh

The city never sleeps when you're around  
I feel the summer breeze brushing down my back  
I hear the silence ringing way too loud  
And [?] you say it's gonna be okay

I don't want phase it, gave it, wait it  
I just wanna play it  
I want someone, to love, to hold  
Baby, can you play it?

When I'm with you, when I'm with you  
When I'm na na na na with you  
When I'm with you, when I'm with you  
All I wanna do is uh
