

## Interloper

Momma

You're all covered in midnight  
You're not here at the right time  
Let me peek at your insides  
Get excited for what I'll find

You're a loner so I've heard  
Interloper come over  
You're a loner so I've heard  
Interloper come over

Now I've got you at my house  
That's what you get when your left out  
Moving your snout, the track comes down  
Amphibian aliens mine now

You're a loner so I've heard  
Interloper come over  
You're a loner so I've heard  
Interloper come over

You're a loner so I've heard  
Interloper come over  
You're a loner so I've heard  
Interloper come over
