

Olympia

Momma

Bed time Christmas eve
Filling bodies with anti-anxieties
Passion like a Europe film
So holy and cleansed with filth
Not remembering back tattoos
Late night shaved head blues
Why does she look like your pup?
Why doesn't love look like us

No stress to Olympia
Portland water is absynthia
Black star blast off goodbye
Numb feelings my idol died
Mantis rides DNA wine
Smoke rotting front canines
Allegra's sick and mom has gifts
Astro's paws we will miss
