

Rip Off

Momma

I always fall
For a whiskey shot
If you pick up the tab
You can take me back
I wanna be
Your next big thing
Did you tell your boss?
That you're gonna be

A rip off
I'm waiting for your call
I've got what you want
Now you're singing along
To my song
A rip off

I rolled the dice
You played me right
I made the grade
The American way
Coyote Club
My local pub
I let you have your way and you played it like a champ

A rip off
I'm waiting for your call
I've got what you want
Now you're singing along
To my song
A rip off

(I'll get big, I'll take off)
And I'll be, I'll be a household name
(I'll get big, I'll take off)
You got my picture 'cause it's hard to escape
(I'll get big, I'll take off)
They'll know my name in every home across the States
(I'll get big, I'll take off)
You'll see my face

A rip off
I'm waiting for your call
I've got what you want
Now you're singing along
To my song
A rip off

A rip off
I'm waiting for your call
I've got what you want
Now you're singing along
To my song
A rip off
