

Rodeo

Momma

Spinning out
Every minute is too long
Just lost count
Of the days that you've been gone
Left alone
I don't wanna be that kid
You're on your own
Do you feel bad for what you did?

On and on and on and on
Everybody knows that I'm scared
I guess it's just where I belong
Are you thinking of me out there?

All I know is your rodeo
I can't wait for you, you
They all see it
I could just let go
But I'm tied tight, cut me loose, loose

Spitting out
And I'm dusting myself off
Every second counts
And you'll see what I've become
If you're so tough
You can meet me in the ring
I can't keep up
You're the one they came to see

On and on and on and on
Everybody knows that I'm scared
I guess it's just where I belong
Are you thinking of me out there?

All I know is your rodeo
I can't wait for you, you
They all see it
I could just let go
But I'm tied tight, cut me loose, loose

On and on and on and on
Cut me loose, cut me loose
On and on and on and on
Cut me loose, just cut me loose
On and on and on and on
Just cut me loose, cut me loose
On and on and on and on
