

## Noah Brill

Momus

Well there's a kid in San Fransisco  
Who has really got the moves  
And when he dresses up as Batman  
He can fly across the roofs

Well he's only three years old  
And he is less three feet tall  
But when he flies across the sky  
You'll see he's really got it all

Little Noah Brill  
Little Noah Brill  
Well he can fly just like a blackbird  
Sing just like a nightingale

Little Noah Brill  
Little Noah Brill  
Well you ain't seen anything like him  
And I know you never will

He likes to take his stuffed dog Fluffy  
To the Golden Gate Park  
To hunt with Ethan and Sarah  
For tarantulas

And when he needs a bit of sushi  
For the strength to fight his foes  
His personal chef Tagashi  
Makes him avocado rolls

Little Noah Brill

Sing just like a nightingale

Well you ain't seen anything like him  
And I know you never will

Keith Haring's Radiant Baby  
He finds totally dope and phat  
Like the KidPix animations  
He does on his G3 Mac

He loves his mom and daddy  
And he loves to stay up late  
And when they say 'Get to bed you monkey!'  
He say 'I no monkey, I wide awake!'
