

Space Jews

Momus

They have us taped
They have us pat
They are extraterrestrial, extraterritorial
Where did they come from? No-one can say
One possible explanation is that they

Are Space Jews
Jews from outer space
Sent to walk amongst us
To improve the human race
Space Jews
Jews from outer space
Jews from outer space
They gave us a messiah
They gave us a morality
They help us lead good lives from up above
They are Space Jews
They're giving us a message of love

For them we're clear
They see right through
All the stupid and murderous things we do or
would like to
The Nobel prize never goes to the goys
Who split the atom?
Einstein, Oppenheimer and the Freuds
Every one of them

Space Jews
Jews from outer space
Sent to walk amongst us
To improve the human race
Space Jews
Jews from outer space
Jews from outer space
They're doctors and they're lawyers
They're astronaut philosophers
They're holding up a mirror from above
They are Space Jews
They're bringing us a message of love

We are from Earth
But they're from space
And that's where we'll all go one day
If we have enough faith
Together we'll colonise the stars
They can take us that far
Mr Spock on the Enterprise will be our guide
Vulcans too are

Space Jews
Jews from outer space
Sent to walk amongst us
To improve the human race
Space Jews
Jews from outer space
Jews from outer space

And I really admire them
I really want to be like them
And when you want to be one
That's all you need to feel like one
For in the words of one of them
Theodor Adorno:
"Soul is just the longing
Of those with no soul
For redemption"
So why don't you come and join them?
Space Jews
We're bringing you a vision of love
