

# Dead Man Walking.

Mon Rová

Dead man coming down  
Too soon  
Dead man walk around  
It's your doom  
Dead man coming down  
Too soon  
Dead man walk around  
It's your doom

Wait for days  
Cover me if it gets late  
Side with me on the side  
Rise me from my own grave  
Jordan was a real man  
Shook hands cuz I had a plan  
In the valley with the lights dim  
Peace within  
Like water through a dam, my  
Too soon  
Too soon (my)

You came out last evening  
Couldn't believe you're still breathing  
You stood in the fire  
You stood in the fire  
Things fall to the side  
I'm feeling your fire  
You tried to put the ocean on me  
I did time  
Still waters are cheap  
Cheek turn to another  
I learned to face the meter

Too soon (my)  
Too soon  
Too soon (my)

Dead man coming down  
Too soon  
Dead man walk around  
Too soon  
Dead man coming down  
Too soon  
Dead man walk around  
Too soon  
Dead man coming down  
Too soon  
Dead man coming down  
Too soon
