

## Guilt; a killer.

Mon Rovîa

(Yeah, that's it)

I can't shake this feeling  
I know when it comes  
I know what I've done

Shadowy hands reaching  
I can't shake it off  
This catastrophic song  
All the way home

Fall as you run  
I guess I should phone a friend  
I feel it all closing in  
(It's okay now)  
Fall as you run  
Take me back to where it all began  
I need to feel whole again

4:00 AM I'm dealing  
Another cut of the vine  
Will it kill me this time  
Mmm

I had a choice of where I'm bleeding  
Letting out, terrifying  
Cathartic chill of the mind

Fall as you run  
I guess I should phone a friend  
I feel it all closing in  
Fall (fall) as you run (as you run)  
Take me back to where it all began  
(Take me back to where it all began)  
I need to feel whole again  
(I need to feel whole again)  
(It's okay now)

Oooooo  
Oooooo  
Oooooo
