

# Shimmer

Mon Rovîa

Yeah

I'm not running from this toxic feeling  
Could you be the only thing I'm needing  
On the moon with you  
Not even sure if we're breathing

So here's the truth  
I kinda like your prison

Shimmer when you say  
Shimmer when you go down  
Shimmer when you talk  
Shimmer when you walk out

I've been calling you mine  
I'm stuck with the fine

In your skies I'm flying over all your ceilings  
And the biggest of that are the head and heart  
Oh, is there meaning?  
Though you crystallize  
Your crystal eyes show me some freedom

So here's the truth  
I kinda like your prison

Shimmer when you say  
Shimmer when you go down  
Shimmer when you talk  
Shimmer when you walk out

I've been calling you mine  
I'm stuck with the fine

Shimmer when you say  
Shimmer when you go down  
Shimmer when you talk  
Shimmer when you walk out

I've been calling you mine  
I'm stuck with the fine  
I've been calling you mine  
I'm stuck with the fine  
I've been calling you mine  
I'm stuck with the fine
