Mona

No we're at the bottom look after top
While he healI put hand we won't stop
We're on fire
Come and watch us burn, listen, listen
You might have something to lose
What money is mine, boy?
What money is mine, boy?
What money is mine, boy?
What money is mine, boy?
You better not cross the line
What money is mine, boy?
What money is mine, boy?
What money is mine, boy?
What money is mine, boy?
You better not cross the line
Stay on your ground now boy
Stay with your girl now boy
Stay on your ground now boy, boy now stay on your ground
Ooh no, out 'em when you calling to this
But as you're talking I feel my fingers turning in your face
We all decided to feel this
But too'to try on
We know wait 'til we and the we win the town
What money is mine, boy?
What money is mine, boy?
What money is mine, boy?
You better not cross the line
What money is mine, boy?
What money is mine, boy?
What money is mine, boy?
You better not cross the line
Stay on your ground now boy
Stay on your ground now boy
Stay on your ground now boy, boy now stay on your ground
Ooh no, I see the chain around your neck
You got that lock and key but not for me
So where you get in?
I feel the 'is blowing, I feel like punch a punch
But if you all for trucking then get of for truck
And come along with us
What money is mine, boy?
What money is mine, boy?
What money is mine, boy?
You better not cross the line
What money is mine, boy?
What money is mine, boy?
What money is mine, boy?
You better not cross the line
Stay on your ground now boy
Stay on your ground now boy
Stay on your ground now boy, boy now stay on your ground
Well I remember you better run away now

You're remember, run away now

Stay on your ground boy
