

Pavement

Mona

Oh here we go again
Let me be your closet friend
I've got nothing left to say
And if foot in door
Let me see it more and more
We'll get it back some other way

You've got me on the pavement, oh no
You're in need of saving, oh no
Mean it like you say it, oh no
Mean it all the same

Walk up to the ledge
Let me see you over edge
I wanna be with something brave
And in all and all
Let me see you lose control
We can get it back some other day

You've got me on the pavement, oh no
You're in need of saving, oh no
Mean it like you say it, oh no
Mean it all the same

And if we're here come tomorrow
We'll get past these fears
Just hold tight my dear....

You've got me on the pavement, oh no
You're in need of saving, oh no
Mean it like you say it, oh no
Mean it all the same

You've got me on the pavement, oh no
You're in need of saving, oh no
Mean it like you say it, oh no
Mean it like you say it
Oh no, oh no, oh no

You've got me on the pavement
Waiting, waiting, saving, oh no
You're in need of saving, oh no
Mean it like you say it, oh no
Mean it all the same
