

# Wasted

Mona

I need a little more time, they say  
I need a little more time it's clear  
I need a little more time to get away  
She God, know in another life  
She hate when I'm not giving her love  
She come and ....your eyes  
She's on the way  
We all just wasted, all just wasted away  
I just wasted, get down on the knees  
Do you believe in God?  
I don't but still pray, we come just to see so kind of cage'  
But I put a change on me  
Get away, I just wasted, I just wasted away  
I just wasted, I just wasted  
I just wasted, I just wasted away  
Just wasted, I just wasted  
Come look me in the eyes  
Say that it's fine; don't be afraid to lose control  
It's you and me, I don't wanna look '  
What kind of live lose it all, sing all, all alone?  
It cannot be you, there you go  
Ooh, ooh, ooh, ooh, ooh,  
It's just wasted, I just wasted away  
I just wasted, I just wasted  
I just wasted, I just wasted away  
Just wasted, I just wasted, I just wasted away  
We all just wasted, just wasted  
All just wasted, all just wasted  
All just wasted, just wasted, all just wasted
