

# Comin' Around Again

Monaco

In the beginning when I saw your face, it just had to be.  
You realize it's a truth you can take, after all you see.  
Let's stay together, do what you want to do,

Comin' around again,  
Comin' around again,

And when I feel like I'm on the point of getting through,  
there's no escaping that you do the things I don't want  
you to.

Let's stay together, I can't believe it's true,

Comin' around again,  
Comin' around again,

Oh I love it, guess I love it, oh I love it so,  
Oh I love it, guess I love it, oh I love it so,  
Oh I love it, guess I love it, oh I love it so,  
Oh I love it, guess I love it, oh I love it so,  
Oh I love it, guess I love it, oh I love it so,  
Oh I love it, guess I love it, oh I love it so,

Let's stay together, do what you want to do,  
Comin' around again,  
Comin' around again
