

Miss U Already

Monaleo

[Monaleo]

Pitch black at night, you lost your life
When you cross my mind, I can't sleep at night
I'm not thinkin' right, you won't leave my mind
In my feelings, contemplatin' to leave this life
So much pain, I don't know how I'm still goin'
Love leakin' out, my heart is still broken
Damaged inside, no one seems to notice
I'm left alone by the ones I love most
Yeah

[Monaleo]

I just got a call that my dog got shot
No matter who I meet, they'll never take your spot
Forever on my mind, forever on my heart, yeah
And I just lost my dog, he never comin' back
Remember when we used to go tit for tat
Oh, what I wouldn't give to get it back
I miss you already

[Monaleo]

Why?
Know that you hate to see me cry
But I can't shake this feeling
This can be part of healing
I never get to feeling like this often
Fucked me up, I seen my dog in a coffin
Who knew that all of this would come stealin' and robbin'?
I lost my mans, I was Batman, he Robin
We was mobbin'
Fuck the opposition 'cause they took you
Promise I'm steppin' on them niggas in my new shoes
These niggas tellin', givin' Blue's Clues
Whatever we did, I'm takin' to the grave, it's me and you
I would do anything to see you smile again
My dog for life, my twin
Not too many people in this life I call friend (Ooh)

[Monaleo]

I just got a call that my dog got shot
No matter who I meet, they'll never take your spot
Forever on my mind, forever on my heart (Yeah)
And I just lost my dog, he never comin' back
Remember when we used to go tit for tat
Oh, what I wouldn't give to get it back
I miss you already

They said it would be, it would be okay one day
And ever since then, I been hopin' for that one day
No one understand 'cause they ain't dealin' with this heartbreak
I got so much shit to say up on this song
So I need to leave the booth 'fore it be two days long
'Cause I done dealt with so much pain, it's to the point of feelin' numb
I been walkin' through the storms with umbrellas and pumps (I just got a cal
