

Off Top

Monaleo

Yeah

Right off top, waste no time, we making it pop
Shutting it down, we got it on lock
Gotta go big-watch with big rocks
AP tick-tock, that's my clock
Big bag with me, I got that knot
Think you it, but really, you not
Don't say nothing, sit there and watch
Sweep through, big drip, bring me a mop

Money all made, that's why they all hate
Gone, give it-baby girl, y'all late
Got up early, hit the mall late
Dropped a big bag and I made the mall shake
They see you, and they call you fake
They see me, and they call me great
I called him to say, "Don't call me to play"
Yellow diamonds on me, and it's called lemonade

House get dirty, I call me a maid
I put it on like sheesh
I eat like it's a feast
I dropped cash, so I ain't gotta pay no lease
Ice grill, cold mouthpiece
5K just on a fleece
Sold out shows, no seats
They call me, then I'm out like peace

Right off top, waste no time, we making it pop
Shutting it down, we got it on lock
Gotta go big-watch with big rocks
AP tick-tock, that's my clock
Big bag with me, I got that knot
Think you it, but really, you not
Don't say nothing, sit there and watch
Sweep through, big drip, bring me a mop

I got it on lock like a bike
I don't really care who ain't rocking with me
'Cause none of these chickens I like
Big watch, big Benz-my type
Can't see through the tint at night
My diamonds gon' hit when it's dark outside
Yours only hit in the light
I'm locking it down lowkey
Brand new whip, no key
You only know my name
You do not know me

Hair laid-Nairobi
With a face like Naomi
The stang is your new man
A stain is not on me

Ayy

Look, I'm the coldest, but I'm still the hottest

They gon' tweet 'cause they know I'm the topic
Say you don't like me, but not keeping up with big Leo
I'm not understanding the logic
Diamonds like water, my wrist is aquatic
Yeah
All of my whips is exotic
So much money, I can't even handle
It's out of control, it's getting chaotic

Right off top, waste no time, we making it pop
Shutting it down, we got it on lock
Gotta go big-watch with big rocks
AP tick-tock, that's my clock
Big bag with me, I got that knot
Think you it, but really, you not
Don't say nothing, sit there and watch
Sweep through, big drip, bring me a mop
