Bitch, I want your head, in a jar, on my night stand  
Draco on my side, blade in my mouth, Glock in my right hand  
Hate I had to kill him, I thought he was really nice, man  
Bitch, that's what you get for whistling at me as a white man  
Reparations!  
Bitch, I'm on your ass, huh  
College drop out bitch  
I ain't got no class, bitch  
I leave you on the side of the road like you ran out of gas, huh  
I dump you in a ditch then look at your mama like what happened  
Yeah, bitch, you know I'm like that  
Pow, pow, pow  
Bitch you won't get to fight back  
Aye, this a DOA, not GTA, you won't get your life back  
Spin the block and we're spinning it right back  
Shoot at me, I'ma wink and smile back  
I'll run up the hill and kidnap Jill  
Show you bitches how to hijack

BK!  
Watch I pull up sideways on the 4 wheeler  
'Bout to backhand the bitch but my ho hit her  
With your daughter, your son, lay him out on the table  
When doc' said the kiddy got no liver  
We just pulled down the pad, made him drop the glizzy  
He head to the hood without no pistol  
BK walking around with an all-red drake, perfect for aim  
It ain't nothing you could do with him  
Double down G in the tray  
Pointy ass, slide through the A  
I ain't nothing like them niggas  
I don't care 'bout age, better get out the way  
Ma Dukes said I'm bringing bad spirits in the house  
Get your ass, told her go bring the sage  
And my pops keep telling me drop that glizzy  
Boy, I can't, this shit ain't safe  
Walk around with two bulls, huh

Say somethin', I make them sick you  
Bit off his leg, his arm, I look at my dog  
Good boy, he lick you  
BK got bit by a dog  
BK!
