

## Back To The Start

Monarchy

She's the light, she's the chemical fire  
Burns so bright, perfect desire  
She's the light that will never go out  
Burning so bright in my life

Now she gets up moving faster than wind  
Time again hurricane spin  
Turn around she blows a kiss of release  
Swallow my pride and give in

Keep on moving  
Keep on working  
Keep on learning  
Keep on loving

Oh baby  
That's right  
Gonna give it up go back to the start

Oh baby  
So tight  
Gonna give it up go back to the start

Oh darling  
Feels right  
Gonna give it up go back to the start

Oh baby  
Tonight  
Gonna give it up go back to the start

She's the sky, she's a physical high  
Pulls me in, in to her world  
She's the light that will never go out  
Burning so bright in my life
