

## Fractured World

Monarchy

It's one step for us  
Make a note in the right direction  
It's two steps for us  
Take the time for our own protection

We're escaping  
Time's creating  
These steps from a fractured word  
Leaving heart ache  
All our mistakes  
Behind on a fractured world

It's one step for us  
Make a note in the right direction  
It's two steps for us  
Take the time for our own protection

We're escaping  
Time's creating  
These steps from a fractured word  
Leaving heart ache  
All our mistakes  
Behind on a fractured world

The Sea, the sky, the you and I
