

All Systems Go

Mondo Generator

Who's in control?
Assume the role
Hatred, burning sun
My chaos gun
Who's in control?

All systems go
Losing power my brains
About to explode
Who's in control?
All systems go

Now grip my gun, my gun in your hand
Squeeze the trigger, you're under my command

All systems go
Losing power my brains
About to explode
Who's in control?
All systems go

Burning fuel, sharpen your knife
Hatred in suits, pray for your life
All systems go, who's in control?
No one knows, who's in control?

All systems go
Losing power my brains
About to explode
Who's in control?
All systems go
All systems go
