

Paper Thin

Mondo Generator

Thought you were moving so slow
But then you passed right by me
I said where are you gonna go?
You don't know
I've been living on the edge
For so long, for so long

Now I can't stop
Paper thin
Cracks in your skin
Hollow eyes
This hole you're in is paper thin
Hurts inside

Thought you could pick yourself up and walk
But you can't even crawl
And I don't care at all
So for you I'll fall
No sleep, no world, no girl
No time at all

Thought you were moving so slow
But then you passed right by me
I said where are you gonna go?
You don't know
I've been living on the edge
For so long, for so long

Now I can't stop
Paper thin
Cracks in your skin
Hollow eyes
This hole you're in is paper thin
Hurts inside

Paper thin
Cracks in your skin
Hollow eyes
This hole you're in is paper thin
Hurts inside (3x)

Paper thin
Cracks in your skin
Hollow eyes
