

## So High

Mondo Generator

You know I'll call, I won't just knock, I'll never make you cho  
p, I'll crush the rock  
I'll get the door, oh baby, after you  
And when things are breaking up I'll be the glue  
Give me a hit, 1 or 2  
I swear at God I'll never ever hit you

I've been so high  
I've been so low  
I've been so high  
I've been so low

I'm coming down, I feel so low  
I tried all night, I didn't cum at all  
I wish you would die, I'll make you cry  
I'll pay you back because I'm just that kind of guy  
I'm coming up, I'm coming up

I've been so high  
I've been so low  
I've been so high  
I've been so low

Coming down, down on you  
Taking over, taking over, yes it's true  
Burning, burn it apart  
I'll crush your pretty heart  
It's over for me and you

I've been so high  
I've been so low  
I've been so high  
I've been so low

Went from the top  
Straight to the bottom  
Your list is so full smoke'em if you got'em  
I'll make you sick this much I know  
On to the next one  
I told you so  
You know I told you so
